## 2. Find the financial well-being score

How old is the person?

18-61       62+

How did the person take the questionnaire?

Self-administered

Administered by someone else

Because scores vary based on age and how the questionnaire was administered, you must convert the total response value to a financial well-being score.

- Find the row that corresponds to the total response value.
- Follow that row across to the column that corresponds to the person's age and how the questionnaire was administered.
- Record the final score.

**Financial well-being score:**
